

The Opportunity:

Senesco Marine is looking for a candidate familiar with vessel electrical systems, machinery monitoring and alarm systems, power control and display systems, AC drives, motors, transformers, control circuits, navigation and bridge control, specifications, electrical wiring, cable run sheets, penetration design and schedule list, one line and schematic diagrams.

You will be one of the lucky personnel to be a team member that makes up the premier Northeast builder of double-hulled barges, tugboats, ferries, aluminum CTVs and other vessels. Some of the team members have been with us for over 20 years and take pride when our cool vessels launch out into the sea!

This position is located at Quonset Point in North Kingstown, R.I.

Minimum Job Requirements:

- Bachelors in Maritime or military electrical engineering or similar.
- 5 years of commercial maritime or military electrical engineering experience or similar.
- Extensive knowledge of ABS, USCG, SOLAS, and IEEE45.
- Ability to prepare equipment arrangement drawings, cable pull list and schedule of penetrations.

Preferred:

- 7+ years of maritime or military electrical engineering experience.

Compensation:

- Starting Pay is based on experience.
- Reimbursement programs that put your health and wellbeing first!
- Spectacular 401k plan where you earn without even contributing.
- Paid vacation, sick time, and holidays & Overtime opportunity based on needs.

Title: Electrical Engineer Coordinator

Culture:

Senesco Marine, LLC has been providing some of the world's finest vessels since 1999. Feel free to check out some of our cool projects on Instagram or Facebook @senescomarine. We are Senesco, a team of bright and brilliant workers (some with us for over 20 years) who produce cool results while having fun.
